AN OFFICIAL WELCOME

DAVE WILLIAMS, Northern N.S.W. Soccer Federation President

Newcastle Soccer fans have had a welcome share of Socceroo games recently. Australs pre Olympic game in August, the A.S.F. fixture against Fiji at Macquarie Field.

Under Frank Aroks direction the Socceroos have enjoyed great success in recent times with their fine 4/1 win over Argentina, two wins against touring Swedish side Malmo F.F. only this month.

On behalf of the Northern NSW Soccer Federation, I welcome the Socceroos to Newcastle and congratulate Austral United club on its initiative in organising the promotion.

CON MITSIOS, Newcastle Austral Soccer Club President

Since it was founded in 1956, the Newcastle Austral Soccer Club has always tried to be a loyal servant to a great game. It was one of the reasons the club agreed to step in to the State League this year when the area's previous soccer flagship was under threat; the directors weren't prepared to let down Our Town's football public, and took the jump. The same could be said of the club's promotion tonight. It is a chance for Newcastle to see the country's best, and an opportunity to pay tribute to Australian soccer's greatest ambassadors. On behalf of Newcastle Austral, I extend the warmest of welcomes to Frank Arok and his Socceroos.

MEET THE SOCCEROOS

JEFF OLVER, 28

Australia's hottest goalkeeping property after his \$26,000 transfer this year from Heidelberg to Melbourne Croatia, Olver has been with the Socceroos since 1984. He has played 39 times for Australia. Was an understudy to Terry Greedy in the 1986 World Cup campaign.

PAUL WADE, 27

Wade's industry is a byword in Australian soccer circles and something on which the Socceroos may yet build a medal challenge in Seoul. First received a green and gold strip in 1985.

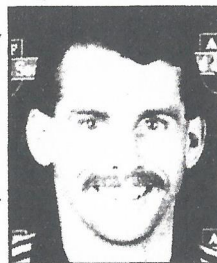

WALLY SAVOR, 30

An integral part of Sydney Croatia's NSL outfit, Savor has become an equally vital player in the Australian team. A right back, he has taken 20 times the green and gold.

GRAHAM JENNINGS, 29

Newcastle junior who shifted from Adamstown Rosebud to Sydney Olympic in 1979 for only \$1000, and from Olympic to Sydney Croatia in 1984 for considerably more (\$30,000). He has now played 69 times for Australia.

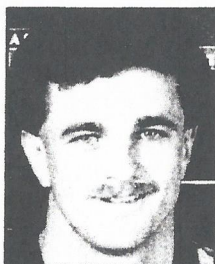

SCOTT OLLERENSHAW, 21

A product of Frank Arok's youth policy in NSL club St George, the red-headed striker stepped into the senior Australian side only last year for the Olympic elimination matches. His efforts in subsequent matches have guaranteed his trip to Seoul.

GRAHAM ARNOLD, 25

More than 50 goals in five NSL seasons, and a strike rate of one goal per two games in the national team after 40 appearances have made the Sydney Croatia striker the subject of numerous offers from Europe.

AN OFFICIAL WELCOME

MIKE GIBSON, 26

The St George 'keeper has waited patiently as Jeff Olver's understudy for three years, receiving only six full games in that time. One of them was a full international. Arok signed Gibson for St George from Penrith City.

ANDY KOCZKA, 21

A striker-turned-defender, the St George Youth product actually made his NSL debut in Newcastle in 1983, the year St George took the championship. A Young Socceroo in 1985 in USSR.

MIKE PETERSEN, 24

Sixteen appearances for Australia, including a goalscoring debut against Italian club Udinese in 1985. A midfielder with Brunswick Juventus, Petersen spent a year with Dutch club Ajax. A highly skilful player.

OSCAR CRINO, 27

Has been wearing Australia's colours since 1981, but never as well as he did in the Gold Cup, where he outshone even those of the Argentinians, the Footscray midfielder's place of birth.

ALAN DAVIDSON, 29

The Melbourne Croatia utility player got his first taste of international football in Paraguay in 1979 as part of a young Socceroo lineup that contained Newcastle trio Jennings, Peter Tredinnick and Mike Boogaard. Davidson will retire from national team after Seoul.

Tonight we have the opportunity to express our thanks

Firstly to Frank Arok. Last August Frank brought his Socceroos to NEWCASTLE as part of his preparation for the 1988 Seoul Olympics. He rated the visit highly successful, giving many of the squad a chance to gain valuable match practice. What he saw that night was a Newcastle of old, much to Franks surprise and delight his team came up against opposition that was determined to prove a point, "Newcastle can still produce players of quality."

The success of the Australians in Seoul is well documented, their performance catching the eyes of talent scouts from many of Europes leading soccer (football) nations.

The departure of some of the key players, to Europe on attractive contracts, from Franks squad has left him in a position where he has to rebuild, and quickly. Tonight you will see many new faces in the green and gold and I'm sure they won't let him down.

Although it is early in the season for our State League side, Frank Arok knows his new team will be fully tested by an eager Newcastle outfit.

Our second acclamation goes to F.A.I. Insurance. Yesterday at a Media Function held in the licenced club it was announced that they were Joint Major Sponsor for the 1989 season.

Already well recognised for their participation in sporting sponsorships, this is their first venture into State League Soccer. F.A.I. Insurance will be monitoring the amount of business their association with soccer can generate.

The Austral licenced club will be placing its insurance needs with the company, already officials have taken advantage of the attractive rates that have been offered.

We welcome F.A.I. to our code and feel confident that they will benefit from the relationship, support from soccer supporters can only enhance their confidence. When you next need to insure your home, car, boat or body, give F.A.I. a call, Gary Gilmour and his team will be only too pleased to assist.

Last, but by no means least, N.B.N. Channel 3, during 1988 they viewed Newcastle Austral from a distance, seeing how they performed, not only on the playing field but also in management.

They were sufficiently impressed to become more involved, putting their resources behind the Socceroo visit last August. They success of that venture has led to greater things, becoming Joint Major Sponsor for 1989.

Tonight soccer supporters and the Austral Club can repay, in some small way, the support N.B.N. Channel 3 will be giving to soccer in the north. The proceeds from tonights game will go towards a most worthy cause, TELETHON 1989. Presentation of the sum raised will be made at the studios during the telethon.

So, thank you Frank, F.A.I. and Channel 3, we hope success comes to all of you in the future.

Note:

After Newcastle Austral drew 2.2. with Lake Macquarie in the 1967 Grand Final in September, they did not draw another premiership game until April 1970, 2.2. against Weston Rears at Weston.

In that time they played 44 games, winning 26, losing 18, with a goal difference of 98 for 66 against. In the same period they were Premiers in 1967 and Grand Final winners in 1969. The Stats man wishes to know, "is this a Northern N.S.W. Federation record?"
